

KUKA

Time for an upgrade!

Did you know that KUKA has updated some of the KUKA products that you are currently using? By upgrading now, you can:

Ensure spare parts availability & uptime

Reduced operation & maintenance costs

Guard against your products becoming obsolete

Made with an oxide steel coating

Reduced controller hardware content

Increased software options

Lower cost of ownership

KR 40 PA OS

KR C4

smartPAD

KR 40 PA

KR C2

Here's how to get started!
